Dear Requestor

RE: Freedom of Information Request

With reference to your request for information I can confirm in accordance with Section 1 (1) of the Freedom of Information Act 2000 that we do hold the information that you have requested. A response to each part of your request is below.

In the request you asked:

I am a researcher at the University of Leeds working on a project investigating treatment for co-occurring serious mental health and alcohol / drug issues (COSMHAD, often referred to as dual diagnosis). As part of this study, we are attempting to map all of the services available across the UK specifically for people with COSMHAD, regardless of what form these services might take and I was hoping that you might be able to aid us in this endeavour. Specifically, I was hoping that you might potentially have a list of services that you commission for COSMHAD that you could share with us? Thank you in advance for your help.

Nottingham and Nottinghamshire CCG does not commission a specific dual diagnosis services, but providers of secondary mental health (primarily Nottinghamshire Healthcare NHS Foundation Trust) and substance misuse services (Nottingham Recovery Network and CGL respectively) are expected to work in line with NICE and PHE guidance on co-existing substance misuse and mental health needs. Please note, mental health services are commissioned by Clinical Commissioning Groups while substance misuse services are commissioned by Local Authorities.

If you are unhappy with the way in which your request has been handled, NHS Nottingham and Nottinghamshire Clinical Commissioning Group have an internal review procedure through which you can raise any concerns you might have.
