Under the FOIA, public authorities like ours are required to respond to requests for information within 20 working days. In response to your request, I can confirm that we do hold the information requested.

Please find below our response to your request:

Please provide the following information for the last three financial years: 2022–2023, 2023–2024, and 2024–2025 (to date):

For each organisation funded, please include name of the organisation, total amount of funding allocated, purpose of the funding / description of service supported.

   The ICB has provided funding of £315,834 to the Nottinghamshire Sexual Violence Support Service (Notts SVSS). This is part of a joint commissioning arrangement with Nottingham City Council, Nottinghamshire County Council and the Office of Police Crime Commissioner (OPCC). This is for a Sexual Violence Hub and Therapy Service.

   The ICB provides £45,000 per year to POW Nottingham Ltd to address health inequalities amongst sex workers and provide support to people who are at risk of exploitation and violence.

2. Has your ICB provided funding to any VAWG organisation led by and for Black and minoritised women? For each organisation funded, please include name of the organisation, total amount of funding allocated, purpose of the funding / description of service supported.

   No.

3. Has your ICB collaborated or engaged with VAWG organisations led by and for Black and minoritised women since 2022? If yes, describe the nature of collaboration.

   No.

4. Please confirm whether any engagement or commissioning of VAWG organisations led by and for Black and minoritised women is planned.

   No.

5. Has NHS Women's Health Hub funding been used to support VAWG services in your ICB area? If yes, please specify how.

   No.

6. Has your ICB conducted any Equality Impact Assessments relating to the commissioning of VAWG services since 2022? If yes, please provide the relevant documents.

   Clarification email sent to Requester on 11 June 2025: Are you requesting an EQIA on the 'approach' to VAWG or for specific services? Once we hear back from you, we can progress this request.

7. What monitoring or evaluation processes are in place to assess whether funded VAWG services are reaching and effectively supporting Black and minoritised women?

   The Office of Police Crime Commissioner (OPCC) is the Lead Commissioner and Notts SVSS reports equality data each quarter, which includes ethnicity of service users. The Provider also produces an annual report detailing community engagement activities and provides updates on engagement with diverse communities as part of quarterly monitoring meetings.

   The ICB reviews quarterly service monitoring from POW Nottingham Ltd, which includes recording of ethnicity. This includes case studies to explain how the service works in partnership with wider specialist services and communities.

8. Please provide any guidance documents or commissioning strategies used by the ICB when making funding decisions related to VAWG.
