Dear Requestor

Re: Freedom of Information Request

Thank you for your request for information, received on 21 January 2026, regarding primary care premises rent reimbursement data. We have processed your request in accordance with the Freedom of Information Act 2000 (FOIA).

Under the FOIA, public authorities like ours are required to respond to requests for information within 20 working days. In response to your request, I can confirm that we do hold the information requested. However, please note that some of the information you requested has been withheld. Under the FOIA, certain exemptions may apply to protect sensitive information.

Please find below our response to your request:

Under the Freedom of Information Act 2000, I request the disclosure of data relating to rent reimbursements for all General Practice premises (GMS, PMS, and APMS) across the entire Nottingham and Nottinghamshire Integrated Care Board footprint.

Specifically, I request a spreadsheet or table containing the following information for each practice premises:

1. **Practice Name and National Code** (e.g., C84XXX).
2. **Primary Care Network (PCN) and Place/Locality** (e.g., Newark, Rushcliffe, Nottingham City).

For responses to Questions 1-2, please see attached information spreadsheet.

3. **Total Annual Rent Reimbursement** (Current Market Rent/Notional Rent) for the most recent financial year (2024/25) or the most recent available triennial review.
4. **Reimbursable Floor Area** (expressed in square metres (m^2)).
5. **Calculated Unit Rate** (the £ per m^2 rate used for reimbursement).
6. **Ownership Model:** Whether the practice receives **Notional Rent** (owner-occupier) or **Actual Rent** (leasehold).

For Questions 3-6, the ICB is unable to share this information as it is deemed commercially sensitive under Section 43(2) of the Act. Section 43 of the Act states that:

(1) Information is exempt information if it constitutes a trade secret.

(2) Information is exempt information if its disclosure under this Act would, or would be likely to, prejudice the commercial interests of any person (including the public authority holding it).

(3) The duty to confirm or deny does not arise if, or to the extent that, compliance with section 1(1)(a) would, or would be likely to, prejudice the interests mentioned in subsection (2).

A **public interest test** has been undertaken in response to your request made under the Freedom of Information Act 2000.

The Information Commissioner's Office (ICO) sets out public interest factors in favour of and against disclosure. Some of the factors in favour were as follows:

- Ensuring that the public authority can be held accountable for its decisions, particularly as to how it spends public money.
- Ensuring that a tender process is open and transparent.
- Providing insight into the nature of a procurement process and winning bids, so that other companies are encouraged to take part in the process and improve future bids.

Public interest factors against disclosure (and in favour of the maintenance of an exemption) included:

- There is an inherent public interest in the maintenance of the exemption, and of upholding private companies' expectations that commercially confidential information will be protected from disclosure when they engage in public authority tenders.
- Avoiding the discouragement of prospective tenderers from tendering for public sector contracts, for fear of disclosure of their commercially sensitive information to competitors, and that this may adversely affect both the quality of tenders for public sector contracts, and public authorities' ability to negotiate them effectively.
- Maintaining a competitive market and driving competition as this benefits public authorities and consumers, and which could be threatened by disclosure of companies' commercial information.

On balance of the factors considered above, along with relevant case law, we considered that the ICB would be entitled to withhold the annual rent reimbursement, reimbursable floor area, calculated unit rate and ownership model and that this would not be superseded by public interest considerations.

7. **Building Type:** Whether the premises is a purpose-built medical centre, a converted residential property, or part of a shared "One Public Estate" facility.

For Question 7, the ICB is unable to share this information as it is deemed provided in confidence under Section 41 of the Act.

If you are unhappy with the way in which your request has been handled, NHS Nottingham and Nottinghamshire Integrated Care Board (ICB) has an internal review procedure through which you can raise any concerns you might have. Further details of this procedure can be obtained by contacting Lucy Branson, Director of Corporate Affairs via lucy.branson@nhs.net or by writing to FOI Team at NHS Nottingham and Nottinghamshire ICB, Sir John Robinson House, Sir John Robinson Way, Arnold, Daybrook, Nottingham NG5 6DA.

If you remain dissatisfied with the outcome of the internal review, you can apply to the Information Commissioner's Office (ICO), who will consider whether the organisation has complied with its obligations under the Act and can require the organisation to remedy any problems. Generally, the ICO cannot make a decision unless you have exhausted the complaints procedure provided by NHS Nottingham and

Nottinghamshire ICB. You can find out more about how to do this, and about the Act in general, on the Information Commissioner's Office website at: <https://ico.org.uk/for-the-public/>.

Complaints to the Information Commissioner's Office should be sent to:

FOI/EIR Complaints Resolution, Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Telephone 0303 123 1113 or report a concern via <https://ico.org.uk/concerns/>.

Yours sincerely

Freedom of Information (FOI) Officer on behalf of NHS Nottingham and Nottinghamshire Integrated Care Board nnicb-nn.foi@nhs.net
